

BUTT WELDS

Please note: This replica of welds and grinding finishes is in no way intended to be representative of the integrity of the welds or good welding practices. Welding codes such as AWS, AWWA D-100, API 650, and 1104, ASME, ANSI, and AAR take precedence. Further, the written descriptions of grinding finishes in NACE Standard RP0178 (latest revision) take precedence over any physical finish represented hereon.
